OF INFORMATION RESOURCES ON  
WASTE MANAGEMENT

Ontario

MINISTRY OF ENVIRONMENT AND ENERGY

PIBS 2710e  
ISBN 0-7778-1893-0  
Printed on recycled paper

#### **ACKNOWLEDGEMENT**

This directory was initiated by the Waste Reduction Communications Advisory Group made up of representatives from the Ontario Ministry of Environment and Energy, Association of Municipal Recycling Coordinators, Kingston Area Recycling Corporation, Woolwich Township, and the Northern Ontario Recycling Association.

It was researched and compiled by the Citizen's Clearinghouse on Waste Management and  
Gerry Bernard, an Environmental Youth Corp technician.

## Preface

This directory is a collection of published materials on waste. The material listed is based on a survey contracted by the Ontario Ministry of Environment and Energy in the summer of 1992 to identify relevant items available from a variety of sources including provincial environment ministries and non-government organizations.

## Contents

The material is divided into two major sections:

**Section A - Educational and Promotional Resources** contains materials that municipal waste reduction/recycling coordinators and community/environmental groups can obtain for public education purposes.

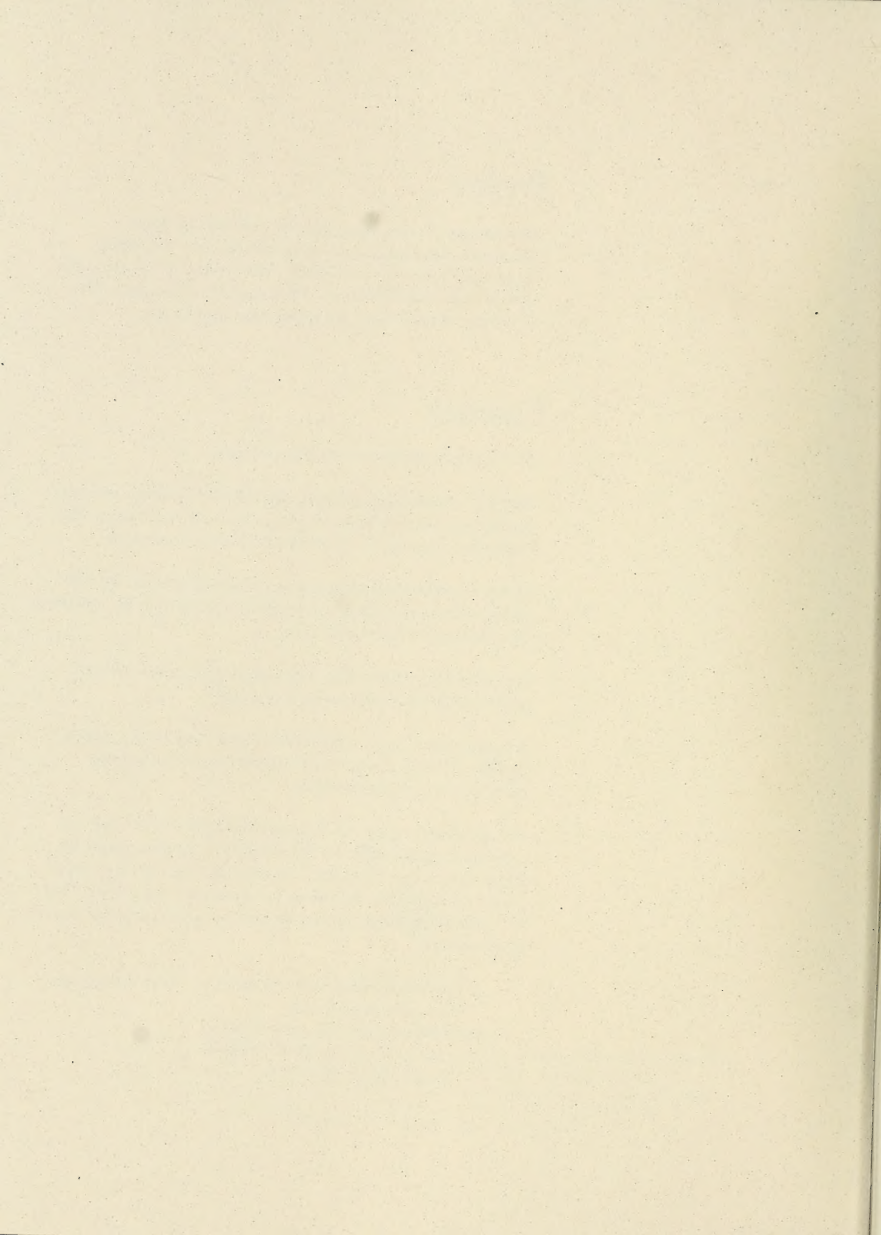

**Section B - Information References** is of a more technical nature that may be of interest in dealing with waste in a community, or in developing one's own public education materials.

Material is listed alphabetically within each subject category. Videos, posters and promotional items are also included.

A Source Contact List, in alphabetical order by name of organization, provides addresses, telephone and facsimile numbers for ordering materials from appropriate sources.

It is our intent to update this directory periodically and we would welcome hearing about additional 3Rs materials as they become available. Please send a sample of the item, along with the cost, copyright restrictions and contact name and address to the ministry at the address below. We would also appreciate hearing about items outlined herein that are no longer available.

Directory of Information Resources on Waste Management  
Communications Branch  
Ministry of Environment and Energy

Toronto, Ontario M4V 1P5

# Table of Contents

## Section A - Educational and Promotional Resources

1. Composting.....	1
2. Classroom 3Rs .....	4
3. Disposal Issues .....	6
4. General 3Rs.....	7
5. Recycling .....	11
6. Packaging .....	13
7. Hazardous Waste .....	15
8. Workplace 3Rs .....	18

## Section B - Information References

1. Government/Other Policies and Programs .....	21
2. Directories/Who's Who .....	25
3. Municipal Waste Management.....	28
4. Periodicals.....	31
5. Planning and Implementing Waste Reduction Programs .....	32
6. 3Rs Research and Analysis .....	35

# A1 - Composting

## BACKYARD COMPOSTING

A two-page fact sheet on backyard composting.

*general public/ Regional Municipality of Durham/ price is negotiable/ copy permission is granted*

## BE GOOD TO YOUR GARDEN: COMPOST!

A how-to guide for backyard composting. Available in English, French, Italian, Portuguese, Chinese and Spanish.

*general public/ Municipality of Metropolitan Toronto/ available at cost/ copy permission is granted*

## BRITISH COLUMBIA COMPOST RESOURCE GUIDE

A twenty-page brochure containing technical information on reducing organic waste.

*student, general public, technical staff, business/ B.C. Environment - Lands & Parks/ free/ copy permission is granted*

## CHOOSE NATURE'S WAY: COMPOST

A bilingual brochure containing easy directions on how to set up and maintain a composter, with numerous helpful hints.

*general public/ Ontario Ministry of Environment and Energy (PIBS 665B)/ free/ copy permission is granted*

## "CLIP & SAVE" - GRASSCYCLING BROCHURE

A two-colour brochure describing how and why to recycle grass clippings.

*general public, student, technical staff, business/ Essex-Windsor Waste Management Committee/ 5 copies free/ copy permission is granted*

## COMMUNITY COMPOSTING IN ZURICH

This fifty-minute video shows Zurich, Switzerland's very exciting composting program in which local authorities encourage householders to get together on small-scale community composting plots.

*general public, student, technical staff/ Paul Connett - available from Citizens' Clearinghouse on Waste Management/ rental only/ \$7 for shipping*

## COMPOST: Nourishment From Garbage or Compost

A one-page, bilingual fact sheet containing a general overview of the benefits of composting.

*student, general public/ OPIRG - University of Ottawa/ .50¢ per fact sheet/ copy permission is not granted*

## COMPOST SCREEN

A two-page fact sheet describing a design for screening compost; includes diagrams.

*general public, technical staff, student/ Recycling Council of Ontario/ copy permission is granted*

## COMPOST TEA

A two-page fact sheet describing how to make a liquid plant nourishment from compost; includes diagrams.

*general public, technical staff, student/ Recycling Council of Ontario/ copy permission is granted*

## COMPOSTING FACTSHEETS

One to four-page factsheets with the following titles: Building a Hot Compost Pile/ Materials to Compost/ The Value of Compost/ Compost Tea/ Control of Odour/ Insects, Bugs and Slugs/ Pest-proofing Your Compost Bin/ Make Your Leaves Work for You/ Winter Composting/ Composting with Worms/ Putting Your Worms to Bed/ What to Feed Your Worms/ Vermiculture Suppliers/ Balcony Composting/ Community Composting  
*general public, technical staff, students, teachers/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted.*

## COMPOSTING - SO SIMPLE IT WORKS

A pamphlet promoting the merits of composting.  
*general public/ Ecology Action Centre/ free/ copy permission is granted*

### **DON'T THROW IT AWAY, COMPOST IT!**

A five-panel brochure containing composting principles, methods and helpful hints, and a section on how to construct a composting unit.

*general public/ City of Ottawa/  
.10¢ per copy after 20 copies/ copy  
permission is granted*

### **DON'T TRASH YOUR GRASS**

A pamphlet on grasscycling.

*general public/ Region of Waterloo  
Waste Reduction Office*

### **DRUM, CEMENT BLOCK AND SNOW FENCE BINS**

A two-page design sheet describing how to construct the bins mentioned in the title; includes diagrams.

*general public, technical staff,  
student/ Recycling Council of  
Ontario/ copy permission is granted*

### **GRASS CLIPPINGS - THE SOLUTION IS NOT IN THE BAG**

This one-page brochure explains the benefits of leaving clippings on the lawn, proper lawn watering and mowing.

*general public/ Municipality of  
Metropolitan Toronto/ available at  
cost/ copy permission is granted*

### **GRASSCYCLING**

A bilingual fact sheet on recycling grass clippings.

*general public/ Ontario Ministry  
of Environment and Energy  
(P1BS 2115B)/ free/ copy permission  
is granted*

### **A GUIDE TO HOME COMPOSTING, COMPOST WITH DURHAM IN YOUR OWN BACKYARD**

A booklet describing how to compost, principles of composting and troubleshooting tips.

*general public/ Regional Municipality of Durham/ price is negotiable/  
copy permission is granted*

### **LEAF AND YARD WASTE COMPOSTING**

A two-page factsheet on yard waste composting.

*general public/ Regional Municipality of Durham/ price is negotiable/  
copy permission is granted*

### **LEAF AND YARD WASTE COMPOSTING**

An instruction manual for the composting of leaf and yard wastes.

*technical staff, student/ Association  
of Municipal Recycling Coordinators/  
free to municipalities, price  
to others/ copy permission is not  
granted*

### **THE MAGIC OF HOME COMPOSTING**

A 13-minute lighthearted look at the basics of home composting.

*general public/ Recycling Council of  
Ontario - available on loan from the  
Ontario Ministry of Environment  
and Energy's regional offices/ copy  
permission is not granted*

### **ORGANIC GARDENING AND LAWN CARE FACTSHEETS**

Two-page factsheets with the following titles: Organic Lawn Care/ Natural Recipes for a Pest-Free Garden/ Organic Insecticides and Fungicides for the Garden/ Using Plants to Protect Other Plants

*general public, technical staff, students/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted.*

### **OUR BEST FRIEND**

A 10-minute video featuring Mr. Wormley who teaches a grade 4-5 class about the value of worms and worm composting.

*children, general public/ Recycling Council of Ontario or the Ontario Ministry of Environment and Energy's regional offices/ copy permission is not granted*

### **OUR FUTURE'S IN THE BOX NOT IN THE BAG**

A two-colour brochure describing the ins and outs of composting.

*general public, student, technical staff/ Essex-Windsor Waste Management Committee/ 5 copies free/  
copy permission is granted*

**PORTABLE WOOD OR WIRE COMPOSTING BIN**

A two-page factsheet describing how to design and construct a portable wood or wire composting bin; includes diagrams.  
*general public, technical staff, student/ Recycling Council of Ontario/ copy permission is granted*

**ROTATING BARREL COMPOSTER**

A two-page factsheet describing how to design and construct a rotating barrel composter; includes diagrams.  
*general public, technical staff, student/ The Rodale Guide to Composting - available from the Citizens' Clearinghouse on Waste Management/ copy permission is granted*

**STOP BAGGING YOUR GRASS**

A brochure on alternatives to putting your grass clippings out for collection.  
*general public/ Regional Municipality of Durham/ price is negotiable/ copy permission is granted*

**VERMICOMPOSTING**

A factsheet discussing vermicomposting; includes a list of suppliers of worms and composters.  
*general public, technical staff, student/ Compost Ontario - Recycling Council of Ontario/ copy permission is granted*

**VERMICOMPOSTING**

Bilingual pamphlet on composting with worms. Explains the process and how to get started.  
*general public/ Ontario Ministry of Environment and Energy (PIBS 1428B)/ free/ copy permission is granted*

**VERMICOMPOSTING BIN**

A two-page factsheet describing how to design and construct a vermicomposting bin; includes diagrams.  
*general public, technical staff, student/ Recycling Council of Ontario/ copy permission is granted*

**VERMICOMPOSTING FACTSHEETS**

One to three-page factsheets with the following titles: Composting with Worms/ Putting Your Worms to Bed/ What to Feed Your Worms/ Vermiculture Suppliers  
*general public, technical staff, students, teachers/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

**WE COMPOST**

An 11" x 2.75" sticker to put on your Blue Box to let people know that you compost.  
*general public/ Regional Municipality of Durham/ free/ copy permission is granted*

**WOOD OR WIRE 3-BIN SYSTEM**

A factsheet describing how to design and construct a wood or wire 3-bin system; includes diagrams.  
*general public, technical staff, student/ Recycling Council of Ontario/ copy permission is granted*

## A2 - Classroom 3Rs

### BE A STAR SCHOOL

A bilingual pamphlet which provides a general description of the Student Action on Recycling (STAR) program. Describes eligibility rules for funding support, the kind of assistance available, and the application procedure.  
*student/ Ontario Ministry of Environment and Energy (PIBS 1030B)/ free/ copy permission is granted*

### A BEAVER'S TALE: A Curriculum Guide for "environmentally-conscious" Secondary Schools

This comprehensive education tool for secondary grades includes background material on particular aspects of waste management (eg. hazardous waste), activity pages that allow students to participate in the identification and solution of waste management problems, and handouts.  
*teachers/ Bluewater Recycling Association in consultation with seven area school boards/ \$75/ copy permission is granted.*

### COMPOSTING WITH KIDS

A kit for teachers of grades four through six to introduce their students to the world of composting.  
*student/ Recycling Council of Ontario and Compost Ontario*

### EARTH NEWS

A quarterly newsletter in a tabloid format which provides information and the opportunity of sharing environmental ideas

and projects for grade 3 students across Ontario.

*student/ Ontario Ministry of Environment and Energy/ free for one copy/ copy permission is granted*

### THE EARTH TIMES

This newspaper-style bilingual brochure takes a fun approach to communicating the 3Rs of waste management.  
*student/ Ontario Ministry of Environment and Energy (PIBS 1014B)/ free/ copy permission is granted*

### ENVIRONMENT DISCOVERY BOOK

The activity book for children includes puzzles and games.  
*student/ B.C. Environment/ copy permission is not granted*

### FACILITY TOURS

Tours are available of a landfill site, a water treatment facility, a sewage treatment plant, plus other facilities. Some age restrictions may apply. Tours are open to groups outside of Metro Toronto.  
*general public, students, teachers/ Municipality of Metropolitan Toronto*

### GREEN TEACHER

This 50-page magazine explores environmental and global issues; waste reduction is a central theme.  
*teachers/ Tim Grant, Green Teacher/ \$27 per year or \$5.35 for a sample issue/ copy permission must be requested*

### HAZARDOUS WASTE KIT

This 934-page kit includes background facts and 8 teaching units on: Hazardous Waste in Ontario, People in the Environment, Balance of Nature etc., resource section includes hazardous household products handbook, eight case studies, and experiments and projects. Also included in the kit are a variety of posters, brochures, games and resource lists.  
*student, general public/ Federation of Ontario Naturalists/ \$50 per package/ copy permission is granted for classroom use only*

### THE LANDFILL STARTS HERE

Large display poster designed to stir interest about the need for lifestyle changes; along with a lesson plan outline including facts and discussion topics regarding lifestyle choices and how they affect environmental problems.  
*student, educators/ Alternatives Journal/ price to be announced/ copy permission is not granted*

### SOLID WASTE MANAGEMENT EDUCATION KIT

A multi-disciplinary education kit for intermediate and secondary grades that takes an activity-based approach in bringing solid waste management issues into the classroom. Both teachers and students will learn more about the 3Rs and how a landfill is managed.  
*teachers & educators/ Municipality of Metropolitan Toronto/ free to*

*teachers and environmental educators in Metropolitan Toronto/ for those outside of Metro Toronto - \$20.00 + GST & PST/ copy permission is not granted*

#### **SOLID WASTE MANAGEMENT VIDEO LOAN LIST**

A four-page factsheet which lists a wide selection of environmental videos for loan free of charge to residents, schools and businesses in Metro Toronto. Several videos are also available for purchase and/or loan to outside the Metro Toronto area.  
*general public, students, teachers/ Municipality of Metropolitan Toronto/ copy permission is not granted*

#### **STUDENT ACTION ON RECYCLING (STAR): A Guide to Establishing a School Recycling Project**

A 20-page bilingual brochure describing the planning and implementation of the school recycling projects which are part of a board-level recycling program. Organized in a question and answer format.  
*teachers and principals/ Ontario Ministry of Environment and Energy (PIBS 1032B)/ free/ copy permission is granted*

#### **TEACHING ABOUT GARBAGE (TAG)**

A series of teacher resource books, available in English or French, developed by the Ontario Ministry of Environment and Energy in cooperation with the Ministry of Education.  
TAG 1 (172 pages - PIBS 2131E

or F) contains 21 activities for grades K-3. TAG 2 (196 pages - PIBS 2132E or F) consists of 24 activities for grades 4-6.

TAG 3 (84 pages - PIBS 2133E or F), for grades 7-9, describes 22 activities and 11 projects.  
*limited to teachers and school boards/ Ontario Ministry of Environment and Energy/ free/ copy permission is granted*

#### **TEN STEPS TO SUCCESS**

The factsheet focuses on designing a school recycling program.  
*student/ Recycling Council of B.C./ copy permission is not granted*

#### **WASTE REDUCTION AND RECYCLING CURRICULUM PACKAGE: ELEMENTARY KIT**

A 60-page kit designed to help teach waste reduction to elementary school students.  
*grades K-8/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

#### **WASTE REDUCTION AND RECYCLING CURRICULUM PACKAGE: SECONDARY EDUCATION KIT**

A 60-page kit designed to help teach waste reduction to high school students.  
*grades 8 and up/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

#### **WASTE REDUCTION CARTOON POSTERS**

A series of 17" x 11" poster cartoons on various waste reduction topics.  
*general public/ West Simcoe Waste*

*Reduction & Recycling Committee/ 1 free copy/ copy permission is granted*

#### **WASTE MANAGEMENT**

This kit provides short information papers for educational purposes, discussion questions and general knowledge. There are three information modules: 1) recycling; 2) hazardous household waste; and 3) packaging and plastics. The information papers are accompanied by a collection of pamphlets and publications.  
*general public/ Rural Learning Association/ \$8 per kit/ copy permission is not granted*

#### **WHAT YOU CAN DO TO PROTECT THE PLANET**

A bilingual publication which encourages correct attitudes towards the environment and activities in which youngsters participate.  
*students grades K-4/ Ontario Ministry of Environment and Energy (PIBS 1005E)/ free/ copy permission is granted*

#### **WHAT YOU CAN DO TO PROTECT YOUR ENVIRONMENT**

A publication which encourages responsible attitudes towards the Environment and activities in which young people can participate.  
*students grades 5-6/ Ontario Ministry of Environment and Energy (PIBS 1010E)/ free/ copy permission is granted*

## A3 - Disposal Issues

### THE CASE AGAINST MUNICIPAL SOLID WASTE INCINERATION

A nine-page booklet outlining the environmental and financial impact of incineration.

*general public, student, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 2135E)/ free/ copy permission is granted*

### COST ACCOUNTING FOR LANDFILL

A 60-page bilingual description of how to determine the full costs of landfilling; i.e., social and environmental costs, as well as hard costs, and development of a full cost accounting model for landfill cost estimation.

*student, general public, technical staff, business/ Waste Reduction Advisory Committee/ free/ copy permission is granted*

### ENVIRONMENTAL APPROVALS FOR WASTE DISPOSAL SITES

A short description of the steps that one needs to take to properly approve a disposal site.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1825E)/ free/ copy permission is granted*

### THE LANDFILLING OF GARBAGE

A short description of landfill design, equipment, facilities, capacities; and the environmental problems of landfilling.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1826E)/ free/ copy permission is granted*

### QUICK FACTS: The Ban on New Garbage Incinerators in Ontario

A pamphlet discussing the environmental impact and cost of incinerators.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1824E)/ free/ copy permission is granted*

### QUICK FACTS: Why Not Ship Metro Toronto's Garbage Some Place Else?

A one-page bilingual description of Toronto's local responsibility, and the social and environmental benefits of managing waste within the community that generates it.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1823B)/ free/ copy permission is granted*

### QUICK FACTS: Why Three Landfill Sites in The Greater Toronto Area?

A bilingual description of the disposal service areas in the Greater Toronto Area.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1829B)/ free/ copy permission is granted*

### THE ROTTEN TRUTH

This 30-minute video features a lively, fact-filled and entertaining trip with a child host to a landfill, Museum of Modern Garbage, and more.

*student/ The Children's Television Network (available from the Citizen's Clearinghouse on Waste Management)/ rental only: \$7 for shipping*

### SOLID WASTE MANAGEMENT VIDEO

This 10-minute video illustrates the technology and operation of Metro Toronto's sanitary landfill sites.

*general public, technical staff, students, teachers/ Municipality of Metropolitan Toronto/ loan for free. Available for purchase for \$25.00 + GST/ copy permission is not granted.*

### THE SOUND OF THE STREAM (1988)

This 12-minute video documents the path of the waste stream from curbside pick-up to landfill disposal (a 28-minute version is also available).

*general public, students, teachers/ Municipality of Metropolitan Toronto/ loan for free. Available for purchase for \$40.00 + GST/ copy permission is not granted.*

## A4 - General 3Rs

### **ALTERNATIVES VOLUME 19, NUMBER 2: The Issue of Waste Reduction**

This 48-page magazine, dated October 1992, offers a variety of referred articles, reports and commentary on waste reduction policy that takes us beyond the blue box.

*student, general public, technical staff, business/ Alternatives Journal, Various Authors/ \$5.90 per issue; 10% off for 50-100 copies; 25% off for 200+ copies/ copy permission is not granted*

### **BE A GOOD SORT**

A 1991 three-page generic guide to implementing the 3Rs.

*student, general public, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

### **THE CANADIAN GREEN CONSUMER GUIDE**

A revised edition of the famous book which taught individuals how to be environmentally responsible citizens.

*student, general public/ Pollution Probe*

### **THE CANADIAN JUNIOR GREEN GUIDE - HOW YOU CAN HELP TO SAVE OUR WORLD**

Subjects ranging from preservation of endangered species to garbage, includes useful statistics for students.

*student, general public/ Pollution Probe and Teri Degler*

### **CLOSING THE LOOP: 3RS OF WASTE MANAGEMENT**

This bilingual booklet explains the need to rethink our way of looking at waste. Presents the recycling process as an economic activity that transforms waste into consumer products for re-use in commercial markets.

*student, general public/ Ontario Ministry of Environment and Energy (PIBS 1012B)/ free/ copy permission is granted*

### **COMMUNITY WASTE REDUCTION KIT: Reusables vs Recyclables - Getting our Priorities Straight**

A 31-page kit describing a short-term community project for designing, building, and using a public information display that compares reusables with recyclables and promotes reusables.

*student, general public, technical staff, business/ Citizens' Clearing-house on Waste Management/ \$10/ copy permission is granted*

### **COMMUNITY WASTE WATCH**

An eight-page instruction guide including master quality charts for administering a do-it-yourself household waste audit.

*general public, student, business, technical staff/ Citizens' Clearing-house on Waste Management/ \$10/ copy permission is granted*

### **COMMUNITY WORKSHOPS FOR THE ENVIRONMENT: AN ORGANIZER'S MANUAL**

Practical workshops which give participants an understanding of the environmental problems facing Canada, focuses specifically on individual and community-based contributions to environmental solutions.

*general public, technical staff/ The Harmony Foundation*

### **1992 EARTH JOURNAL: THE ANNUAL STATE-OF-THE-PLANET REPORT**

A comprehensive consumer guide to all the resources and information you need to live an environmentally sound lifestyle and actively participate in the emerging eco-culture of the 90's.

*general public/ U.S. Buzzworm Books - available for reference at the Recycling Council of Ontario's library*

### **ESTIMATES OF THE VOLUME OF MSW AND SELECTED COMPONENTS IN TRASH CANS AND LANDFILL**

An experimentally derived set of conversion factors which allow data from MSW-by-weight database to be converted to a volume database.

*technical staff/ U.S. Council for Solid Waste Solutions and Franklin Associates - available for reference at the Recycling Council of Ontario's library*

#### FOR R INFORMATION

Quarterly newsletter; includes municipal and Ministry of the Environment and Energy program updates, profiles, association news and other news.  
*student, technical staff/ Association of Municipal Recycling Coordinators/ free to municipal members and on a request basis to students*

#### GREEN COMMUNITIES: A Guide To Taking Action

This 74-page manual will assist people interested in either forming a community group or in preparing an established group to undertake environmental projects. The manual outlines methods for developing strategies for community action; dealing with government; finding help and information; forming and maintaining an action group; running meetings; fundraising; as well as offering ideas for community environmental projects.  
*general public/ Elaine Rowan, Laura Torrible and Sandy Turner/ available for reference at the Recycling Council of Ontario's library/ copy permission is not granted*

#### HOW TO AVOID TAKING OUT GARBAGE

This 17" x 11" poster presents tips for reducing household waste.  
*student, general public/ B.C. Environment/ free*

#### HOW TO WASTE LESS THIS HOLIDAY SEASON

A helpful list of things that your family can do to minimize waste during the holidays.  
*general public/ Toronto Recycling Action Committee/ cost depends on situation/ copy permission is granted*

#### THE LANDFILL STARTS HERE

This poster examines the damaging aspects of consumerism.  
*general public, students/ Alternatives Journal/ various prices/ copy permission is not granted*

#### METRO'S APPROACH TO SOLID WASTE MANAGEMENT

A four-page factsheet describing Metro Toronto's waste reduction program initiatives including recycling, composting, public education, and landfill bans.  
*general public, students, businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted.*

#### OBJECTIVES OF SUSTAINABLE DEVELOPMENT

This poster lists the ten objectives of sustainable development.  
*general public, student, technical staff, business/ National Round Table on Environment and Economy/ free for up to ten copies/ copy permission is granted*

#### 100 WAYS TO WATCH YOUR WASTE IN WEST SIMCOE

A how-to pamphlet for waste diversion.

*general public/ West Simcoe Waste Reduction & Recycling Committee/ free for up to 5 copies/ copy permission is granted*

#### 100 WAYS TO WATCH YOUR WASTELINE

Tips for reducing waste.  
*general public/ Ontario Ministry of Environment and Energy (PIBS 2139E)/ free/ copy permission is granted*

#### PLANNING FOR SEVEN GENERATIONS

This 160-page report explores the relationships between people and the earth, how those relationships have changed and the direction we must head to accommodate change. A video is also available.  
*general public, student/ Mike Nickerson, Guideposts for a Sustainable Future/ \$50 normally; \$35 for low income families; \$65 for reinforced package; 40% reduction for 50 or more copies/ copy permission is not granted*

#### THE QUEST FOR A CONSERVER SOCIETY

This 19" x 28" poster features Captain Conserver demonstrating ways to reduce waste and conserve energy.  
*student, general public/ Ontario Ministry of Environment and Energy (PIBS 1901E)/ free/ copy permission is not granted*

### QUICK TIPS ON HOW TO AVOID TAKING OUT THE GARBAGE

A 1991 brochure providing tips on implementing the 3Rs in the home.

*student, general public, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

### REDUCE, REUSE, RECYCLE HANDBOOK

This 41-page booklet outlines 3Rs activities for every room in the house.

*general public, students/ Regional Municipality of Ottawa-Carlton*

### REDUCTION & REUSE: THE FIRST 2 R's OF WASTE MANAGEMENT

A three-page factsheet outlining ways to reduce and reuse waste that would otherwise go to landfills.

*general public/ Environment Canada/ free/ copy permission is not granted*

### THE RIGHT TO REFUSE

The Recycling Council of Ontario's six-page position paper on unsolicited junk mail.

*general public, business/ Recycling Council of Ontario/ copy permission is granted*

### THE ROAD TO A CONSERVER SOCIETY

A 10-page bilingual brochure outlining priorities and principles associated with a conserving society. Also provides a synopsis of Ontario's Waste Reduction Action Plan and gives pertinent

statistical data relating to waste reduction.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1630B)/ free/ copy permission is granted*

### THE SOUND OF THE STREAM (1988) (longer version)

This 28-minute video documents the path of the waste stream from curb-side to landfill. It details the volumes of waste produced in the Greater Toronto Area and various options for disposal such as recycling, composting, landfill, and incineration.

*general public, students, teachers/ Municipality of Metropolitan Toronto/ loan for free. Available for purchase for \$40.00 + GST/ copy permission is not granted*

### STOP: BEFORE YOU THROW IT OUT

A brief description of how the hierarchy can be applied to anyone's waste management practices.

*public, student, business/ Toronto Recycling Action Committee/ cost depends on situation/ copy permission is granted*

### THE 3R'S SERIES

This one-page factsheet outlines community specific information about waste reduction. Very useful as a prototype for others.

*general public/ Saskatchewan Waste Reduction Council/ free/ copy permission is granted*

### TIME'S A WASTING

A 15-minute video based on the Charles Dickens classic "A Christmas Carol" and modernized for the nineties: a yuppie Edward Skaggs awakes and finds himself in a landfill site one day where he is visited by three ghosts (Reduce, Reuse, Recycle) who show him the error of his ways.

*student, general public/ City of Ottawa/ copy permission is not granted*

### TV ONTARIO'S "WASTE NOT"

A 30-minute video on the 3Rs featuring highlights from TVO's 13-week series.

*student, general public/ TV Ontario - available from the Ontario Ministry of Environment and Energy's regional offices/ free, on loan only/ copy permission is not granted*

### 22 WASTE REDUCTION TIPS FOR ESSEX WINDSOR

A 22" x 17" multi-coloured poster depicting cartoon characters, set in Essex-Windsor.

*student, general public, technical staff, business/ Essex-Windsor Waste Management Committee/ up to 3 copies free/ copy permission is granted*

#### WASTE MANAGEMENT

This 65-minute video shows a citizens' view of a variety of composting, recycling and reduction facilities throughout Southern Ontario.

*general public/ Stuart Godwin.  
Available from Citizens' Clearing-house on Waste Management/  
rental only, \$7 for shipping/ copy  
permission is not granted*

#### WASTE MANAGEMENT: As If the Future Mattered

A 60-minute video featuring an informative and entertaining lecture supplemented by graphic waste management scenes.

*general public/ Paul Connett.  
Available from Citizens' Clearing-house on Waste Management/  
rental only, \$7 for shipping/ copy  
permission is not granted*

#### WASTE REDUCTION ACTION KIT:

##### Weaning Your Community Away From Disposable Diapers

This 34-page kit describes a short-term community project dealing with the avoidance of waste created through the use of disposable diapers; includes fact sheets, a media campaign with prizes, and cloth diaper contact information. The project can be completed within two months.

*general public/ Citizens' Clearing-house on Waste Management/ \$10/  
copy permission is granted*

#### WASTEWISE: A Community Resource Centre

This 30-minute video shows Georgetown, Ontario's reuse, recycling and education centre whose goal is to teach people reduction and not recycling.

*student, general public, technical staff, business/ Paul Connett -  
available from the Citizens' Clearing House on Waste Management/  
rental only, \$7 for shipping*

#### WASTING LESS

A two-page factsheet discussing waste diversion in general.

*student, general public, technical staff, business/ Recycling Council of Ontario/ free/ copy permission is granted*

#### WATCHING OUR WASTE LINE IN THE GEORGIAN TRIANGLE

A four-page description of waste-associated problems in the Georgian Triangle.

*general public/ West Simcoe Waste Reduction & Recycling Committee/  
five copies free/ copy permission is granted*

#### YOUR SEVEN DAY WASTE REDUCTION DIARY

A 10-page booklet for recording the garbage thrown out over one week. Includes a form to develop a personal waste reduction plan, a checklist of waste reduction activities, and details on the effectiveness of 3Rs activities.

*general public/ Ontario Ministry of Environment and Energy (PIBS 2189E)/ free/ copy  
permission is granted*

# A5 - Recycling

## BE A GOOD SORT. SORT YOUR RECYCLABLES.

Basic instructions for sorting household recyclables.

*general public/ Recycling Council of B.C.*

## BEYOND THE BLUE BOX: Your Guide To Waste Reduction and Recycling in Metro Toronto.

A 40 pg booklet detailing ways to reduce, reuse and recycle common household items. Available in English, French, Chinese and Italian

*students, general public, business/ Municipality of Metropolitan Toronto/ limited number of copies for free, additional copies at cost/ copy permission is granted*

## BLUE BOX PROGRAM

A two-page factsheet describing the Blue Box program in Durham Region.

*student, general public/ Region of Durham/ free/ copy permission is granted*

## THE BLUE BOX PROGRAM RECYCLABLE MATERIALS

A four-page factsheet discussing the recycling of newspapers, aluminum cans, steel cans, PET bottles and glass containers.

*student, general public/ Recycling Council of Ontario/ copy permission is granted*

## THE CASE FOR RECYCLED PAPER

The subject of this two-page factsheet is the use of recycled paper.

*student, general public/ Canadian Pulp and Paper Association/ free/ copy permission is granted*

## DISTRIBUTORS OF RECYCLED FINE PAPER PRODUCTS IN ONTARIO

A pamphlet listing suppliers and distributors of recycled paper products.

*general public/ Recycling Council of Ontario/ copy permission is granted*

## FINE PAPER RECYCLING

A one-page bilingual general overview of fine paper recycling.

*student, general public/ OPIRG - University of Ottawa/ \$50 per factsheet/ copy permission is not granted*

## GLASS WORKS

A 12-minute video describing the glass recycling process from collection through manufacture of new glass containers. Humorous presentation of the problem of glass contaminants in the Blue Box.

*student, general public, technical staff, business/ Consumers Glass/ rental only, \$7 for shipping*

## A HISTORICAL PERSPECTIVE ON RECYCLING

The subject of this one-page paper is recycling history, a shift from a conserver to a consumer society and environmental awareness.

*general public/ Recycling Council of Ontario/ copy permission is granted*

## IGLOO RECYCLING DEPOTS

A two-page factsheet describing igloo recycling depots.

*student, general public/ Region of Durham/ free/ copy permission is granted*

## RECYCLE RIGHT

A small card describing how to prepare Blue box materials for pick-up.

*student, general public/ Region of Durham/ free/ copy permission is granted*

## RECYCLED FINE PAPER PRODUCTS:

### The Informed Consumer Makes Environmentally Sound Decisions

The subject of this two-page paper is fine paper made from recycled paper.

*student, general public/ Recycling Council of Ontario/ copy permission is granted*

## RECYCLERS DO IT MORE THAN ONCE

The 2 1/4" diameter button can be ordered directly from Pegasus Promotional Products in Stayner, Ontario.

*general public/ West Simcoe Waste Reduction & Recycling Committee/ 50¢ per button with reduced costs for bulk orders/ copy permission is not granted*

## RECYCLERS DO IT MORE THAN ONCE

This "one-size fits all" white t-shirt with blue lettering can be easily modified for areas other than Simcoe.

*general public/ West Simcoe Waste Reduction & Recycling Committee/ \$10 per shirt, \$7 each for 100 or more/ copy permission is not granted*

## RECYCLING

A nine-minute video with David Suzuki expressing his environmental concerns as a scientist and as a parent.  
*general public/ Ontario Ministry of Environment and Energy (PIBS 872E)/ on a loan basis only/ copy permission is not granted*

## RECYCLING ACTIVITIES FOR CHILDREN

A two-page factsheet listing useful activities to help educate youngsters on recycling.  
*student, general public/ Recycling Council of Ontario/ free/ copy permission is granted*

## RECYCLING IGLOOS ARE HERE

A one-page discussion of what materials are accepted at igloos and igloo locations within Durham Region.  
*student, general public/ Region of Durham/ free/ copy permission is granted*

## RECYCLING IN CANADA

A three-page bilingual overview of recycling programs in Canada.  
*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

## RECYCLING IS SMART: Do Your Part

This 17" x 25" poster along with its caricatures are designed to raise awareness about Blue Box items such as newspaper, glass, PET bottles and other recyclables.  
*general public/ Waste Reduction Advisory Committee/ free/ copy permission is not granted*

## RECYCLING SYMBOLS

The subject of this five-page paper is the use and misuse of the Mobius Loop.  
*student, general public/ Recycling Council of Ontario/ copy permission is granted*

## RESIDENTIAL RECYCLING IN METROPOLITAN TORONTO

The "Blue Box" program: A four-page factsheet addressing common questions about the Blue Box program including the cost and financing, operation, and effectiveness.

*general public, students/ Municipality of Metropolitan Toronto/ free copy/ copy permission is granted*

## SOURCE SEPARATION: WE NEED YOUR HELP

An 18" X 22.5" poster illustrating the benefits of source separation of waste.  
*business/ Region of Durham/ depends on situation/ copy permission is granted*

## WASTE PAPER RECYCLING IN CANADA

A three-page bilingual overview of the issues surrounding paper recycling in Canada.  
*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

# A6 - Packaging

## CANADIAN CODE OF PREFERRED PACKAGING PRACTICES

A detailed set of policies aimed at minimizing the environmental effects of packaging.

*business/ Canadian Council of Ministers of the Environment (available from the Ontario Ministry of Environment and Energy - PIBS 1739E)/ free/ copy permission is not granted*

## COMMUNITY WASTE REDUCTION KIT: Packaging - Reducing the Waste

A 37-page kit describing a short-term community project for designing, building and using a public information display focusing on the reduction of packaging waste.

*student, general public/ Citizens' Clearinghouse On Waste Management/ \$10/ copy permission is granted*

## FACTSHEET 1: Packaging

*students, general public/ Environmentally Sound Packaging Coalition/ free for one copy/ copy permission is granted*

## FACTSHEET 2: Consumer Power & Action

*students, general public/ Environmentally Sound Packaging Coalition/ free for one copy/ copy permission is granted*

## FACTSHEET 3: Plastic Packaging

*students, general public/ Environmentally Sound Packaging Coalition/ free for one copy/ copy permission is granted*

## FACTSHEET 4: 3Rs Packaging Hierarchy

*students, general public/ Environmentally Sound Packaging Coalition/ free for one copy/ copy permission is granted*

## GUIDING PRINCIPLES FOR ENVIRONMENTAL LABELLING AND ADVERTISING

A bilingual 16-page booklet describing the department's policy in enforcing labelling and advertising claims relating to environmental impact.

*business/ Consumer and Corporate Affairs Canada/ free for up to two copies/ copy permission is granted*

## MUNICIPAL GUIDE FOR THE PROMOTION OF PACKAGING WASTE REDUCTION

A kit comprised of a municipal manual, a programming guide for children's activities, a shopper's audit, a packaging quiz and camera-ready artwork. The kit contains background information on the issue of packaging waste, tips for activities that could be undertaken locally and examples from across the country of what other communities and groups are doing.

*municipalities, community groups, environmental groups/ Federation of Canadian Municipalities & Canadian Council of Ministers of the Environment/ free.*

## PLASTIC BAGS: Shop At Your Own Risk

A pamphlet which makes people aware of excess garbage associated with plastic shopping bags; includes suggestions for change.

*student, general public/ OPIRG - University of Ottawa/ \$.50/ copy permission is not granted*

## REUSABLE CANVAS TOTE BAG

Two sizes of reusable shopping bags; logo designed by a Walpole Island student.

*general public/ Walpole Island Heritage Centre/ price variable*

## THE SUPERMARKET TOUR

Through a tour of an average supermarket, this 50-page guide covers such topics as excess packaging, pesticides, world hunger and farming. Also available in French.

*student, general public/ Philip White/ \$6 each, \$4.75 for 2-9, \$4.25 for 10-19, \$3.75 for 20-49 and \$3.25 for 50 or more/ copy permission is not granted*

**WASTE REDUCTION ACTION KIT:**

**Alternatives to Plastic Shopping Bags**

The 27-page kit describes a short-term community project dealing with the avoidance of waste created through the use of disposable plastic bags; includes factsheets, instructions for conducting a survey, and media suggestions. The project can be completed within two months.

*general public/ Citizens' Clearing-house on Waste Management/ \$10/ copy permission is granted*

**YOU CAN MAKE A DIFFERENCE**

The pamphlet provides examples of the things that consumers can do to reduce packaging waste.

*general public/ National Packaging Protocol (NAPP) Task Force. Available from Environment Canada - Office of Waste Management or the Ontario Ministry of Environment and Energy (PIBS 1315E)/ free/ copy permission is not granted*

**THE ZERO GARBAGE SHOPPER**

A pamphlet describing how to reduce packaging waste.

*business/ Ontario Ministry of Environment and Energy : (PIBS 1638B)/ free/ copy permission is granted*

## A7 - Hazardous Waste

### ARSENIC IN THE AQUATIC ENVIRONMENT, HAZARDS AND CONTROLS

A two-page factsheet describing the fate of arsenic in our aquatic ecosystems.

*student, general public, technical staff, business/ Environment Canada/ free/ copy permission is not granted*

### COMMUNITY WASTE REDUCTION KIT: Household Hazardous Products

#### - Alternatives for Safer Homes

A 25-page kit describing a short-term community project for designing, building, and using a public information display that focuses on avoiding household hazardous waste.

*general public, students, technical staff/ Citizens' Clearinghouse on Waste Management/ \$10/ copy permission is granted*

### HANDLE WITH EXTRA CARE

This 8 1/2" x 11" sticker identifies alternatives to household hazardous wastes.

*students, general public/ B.C. Hazardous Waste Management Corporation/ copy permission is not granted*

### HAZARDOUS HOUSEHOLD PRODUCTS HANDBOOK

A collection of tables and charts on domestically used hazardous substances.

*general public/ Federation of Ontario Naturalists*

### HAZARDOUS WASTES IN YOUR HOME

A handy eight-page bilingual booklet on hazardous products and alternatives for the garden, house and garage.

*general public/ Ontario Ministry of Environment and Energy (PIBS 673B)/ free/ copy permission is granted*

### THE HAZARDOUS WASTE PROBLEM: Let's Find Some Common Ground

This 24-page paper explores the problems of hazardous waste as well as some possible solutions.

*student, general public, technical staff, business/ Environment Canada/ free/ copy permission is not granted*

### HOUSEHOLD HAZARDOUS WASTE

The pamphlet outlines the dangers of household hazardous wastes as well as providing contact information for appropriate government agencies and a listing of alternatives to hazardous cleaners.

*general public/ B.C. Environment/ copy permission is not granted*

### HOUSEHOLD HAZARDOUS WASTE

This two-page factsheet describes the Region's efforts to deal with household hazardous waste.

*general public/ Region of Durham/ free/ copy permission is granted*

### HOUSEHOLD HAZARDOUS WASTE FACTSHEETS

One to six-page factsheets with the following titles: Natural Recipes for a Pest-Free Garden/ Organic Insecticides and Fungicides for the Garden/ Non-Hazardous Cleaning Alternatives for the Home/ Non-Hazardous Alternatives for the Laundry.

*general public/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

### THE MALVERN RADIOACTIVE ACCOUNT: How a Group of Families Were Successful in Their Quest to Resolve a Contamination Problem in Their Yards.

One speaker / slide show. The story follows the problems encountered by a group of families who inadvertently found that their homes were built on a radioactive waste dump. The story line takes the families from a position of despair to a successful legal action over an eleven year period.

*student, general public/ Malvern Radioactive Account Committee/ \$5 for full package/ copy permission is not granted*

**THE ORGANIC APPROACH TO HOME GARDENING: How To Maintain Your Lawn, Garden and Landscape without chemicals**

This brochure provides basic information required to eliminate the use of chemical fertilizers and pesticides in maintaining lawns and gardens.

*general public/ Friends of the Earth/ free/ copy permission is granted*

**OZONE-DEPLETING SUBSTANCES**

A bilingual publication which describes how ozone is produced in the upper atmosphere, how it is destroyed by synthetic chemicals and control measures being taken.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1015B)/ free/ copy permission is granted*

**PCBS AND YOUR HEALTH**

This 10-page booklet describes PCBs' toxicity, carcinogenicity, health risks, etc.

*general public/ M.A. Hayes/\$3 each or \$2 for 10 or more/ copy permission is granted*

**PCBS - RESOLVING THE PROBLEM**

A two-page factsheet describing possible solutions to the problem of managing PCBs.

*student, general public, technical staff, business/ B.C. Environment/ free/ copy permission is not granted*

**POLYCHLORINATED BIPHENYLS (PCBS): PCBs and The Safe Destruction of PCB Waste**

A bilingual publication which defines PCBs and discusses their history, the environmental concerns associated with PCBs, their use, the protective measures under legislation, and the efforts to find safe ways to destruct and dispose of them.

*general public, technical staff/ Ontario Ministry of Environment and Energy (PIBS 683B)/ free/ copy permission is granted*

**SOME TOXIC METALS IN THE ENVIRONMENT**

This four-page 1989 public information document concerns toxic metals in our environment.

*general public/ Thomas E. Bates available from The Arboretum/ I.E.P.S./ \$2 each or \$1.40 for 10 or more/ copy permission is granted*

**SPECIAL WASTES 1: The 99.9999 Per Cent Solution**

A two-page factsheet describing the proposed 99.9999 per cent removal of hazardous waste from British Columbia's waste stream.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

**SPECIAL WASTES 2: Our Everyday Culpits**

A factsheet giving a general overview of the hazardous waste problem.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

**SPECIAL WASTES 3: The Special Waste Alternatives - Environmental Damage?**

A factsheet describing alternative methods of disposing of hazardous waste.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

**SPECIAL WASTES 4: A History**

A two-page factsheet describing the history of special waste management.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

**SPECIAL WASTES 5: The Home Front**

A two-page factsheet describing the impact of household hazardous waste.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

# **SPECIAL WASTES 6: Sharing The Challenge**

A two-page factsheet describing the fact that hazardous waste is a by-product of our high standard of living, therefore everyone must share the blame.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

# **THE TOXIC TAXI NOW TRAVELS REGION-WIDE**

This one-page factsheet describes the toxic taxi program, household hazardous wastes, making an appointment with the taxi and regional HHW depots.

*general public/ Region of Durham/ free/ copy permission is granted*

# **UPDATE - PCBs IN FLUORESCENT LIGHTS**

A two-page factsheet describing and presenting some possible solutions to the problem of PCBs in fluorescent lights.

*student, general public, technical staff, business/ B.C. Ministry of Environment / free/ copy permission is not granted*

# A8 - Workplace 3Rs

## **ACTION ON ISSUES: WOMEN AND THE ENVIRONMENT**

A working model for women. Information necessary to effect significant change.  
*general public/ Ontario Advisory Council on Women's Issues*

## **FOCUS 2000: A Small Business Guide to Environment Management**

A guide to establishing and executing an environmental plan in the workplace.  
*business/ Canadian Chamber of Commerce and the National Round Table on Environment and Economy*

## **GREENING THE MARKETPLACE: A "Hands on" Guide for Concerned Individuals, Consumers and Environmental Groups**

A practical 82-page guide on how to change attitudes towards reducing waste in the retail marketplace; outlines a process that will help you introduce truly environmentally responsible waste management practices at your local shopping mall, supermarket or corner store.  
*students, general public/ Environmentally Sound Packaging Coalition/ donations required: \$25 from industry and government, \$20 from libraries and schools, \$10 from individuals or groups/ copy permission is granted for educational purposes only (not for profit)*

## **A GUIDE TO LOW WASTE MEETINGS, CONVENTIONS AND CONFERENCES**

A 10-page step-by-step guide to minimizing waste production and still have a productive meeting.  
*student, general public, business, technical/ Toronto Recycling Action Committee/ free/ copy permission is granted*

## **A GUIDE TO OFFICE PAPER RECYCLING IN DURHAM**

This guide describes types of office paper programs and how to implement an office paper program.  
*student, general public/ Region of Durham/ free/ copy permission is granted*

## **HOW TO REDUCE WASTE:**

**A Business Guide**  
A one-page list of ten quick steps for business to reduce its waste.  
*business/ West Simcoe Waste Reduction & Recycling Committee/ 3 free copies/ copy permission is granted*

## **IC&I**

The pamphlet describes the assistance available to the IC&I sector within the Region of Durham's IC&I program.  
*business/ Region of Durham/ free/ copy permission is granted*

## **IC&I AND WASTE AUDITS**

A brief, one-page description of waste audits for the IC&I sector.  
*general public, business/ Region of Durham/ free/ copy permission is granted*

## **IC&I WASTE REDUCTION AND RECYCLING FACTSHEETS**

One to three-page factsheets with the following titles: 3Rs Waste Management Checklist/ Education and Promotion: The Waste Reduction Team/ Reduce, Reuse and Recycle Your Office Paper/ Solid Waste Management Consultants/ Waste Reduction and Recycling Reference Material  
*businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## **IC&I WASTE REDUCTION PACKAGE**

How to start a program, office waste reduction guide, suppliers of and markets for recycled papers, solutions for organic waste.  
*business/ Recycling Council of Ontario/ \$15/ copy permission is not granted*

## **IMAGINATION MARKET**

The topic of this six-page newsletter is reclaiming industrial discards in bulk.  
*student, teachers, technical staff/ Imagination Market Association of Alberta/ cost varies depending on situation/ copy permission is granted*

## **I'M A WASTE WATCHER**

A 17" x 22" poster illustrating how to reduce office waste.  
*general public, business/ Ontario Ministry of Environment and Energy (PIBS 1878B)/ free/ copy permission is not granted*

## INDUSTRIAL WASTE DIVERSION PROGRAM

This kit includes a general pamphlet and a guide for submitting a detailed proposal. Explains the program's purpose in providing technical and financial assistance to industries for establishing 3Rs projects.

*technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 669B)/ free/ copy permission is granted*

## INTEGRATED WASTE MANAGEMENT GUIDE

A step-by-step how-to guide, complete with sample equations and charts, to developing a waste reduction and recycling program in the workplace.

*businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## LOOK WHO'S RECYCLING

A one-page overview explaining the benefits of recycling to businesses and others.

*student, general public, business/ City of Toronto/ free/ copy permission is granted*

## MAKING A MOLEHILL OUT OF A MOUNTAIN

An eight-minute video featuring 3Rs tips for the construction and demolition industry.

*business, technical staff/ Greater Toronto Home Builders Association/ available on loan/ copy permission is not granted*

## MULTI-MATERIAL SOURCE SEPARATION PILOT PROJECT IN IC&I SOURCES

The 75-page report summarizes the results of the pilot projects for multi-materials conducted at eight IC&I sites in the Niagara Region over a period of four months; includes a guide to set up recovery programs for glass, metal, and paper from IC&I sources.

*student, general public, technical staff, business/ Resource Integration Systems Ltd./ free/ copy permission is granted*

## ONTARIO'S NEW 3Rs

### REGULATIONS: Quick Facts

This pamphlet outlines, in brief, Ontario's new 3Rs regulations which require reduction, reuse and recycling activities be undertaken by municipalities and designated IC&I sectors.

*business, technical staff, general public/ Ontario Ministry of Environment and Energy (PIBS 2528B)/ free/ copy permission is granted*

## PULLING TOGETHER (1989)

This 15-minute video emphasizes the responsibility of businesses in dealing with the solid waste crisis.

*businesses, general public/ Municipality of Metropolitan Toronto/ loan for free. Available for purchase for \$25.00 + GST/ copy permission is not granted*

## PURCHASING OF PRODUCTS CONTAINING POST-CONSUMER WASTE AND/OR PRODUCTS WHICH ARE ENVIRONMENTALLY SOUND

Environmentally sound buying decisions, a table for each product category, identifying manufacturers, specifications, recycled content and costs of conventional materials compared to those 'less harmful' to the environment.

*business, technical staff/ Corporation of the City of Toronto and M.M. Dillon Ltd./ free/ copy permission is granted*

## RECYCLING MARKETS DIRECTORY

A directory listing companies dealing in recyclable materials in the Metro Toronto area. Can be acquired as a complete publication or in separate sections by material.

*businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## 3Rs INITIATIVES FOR INDUSTRIES, BUSINESSES AND INSTITUTIONS

The pamphlet describes 76 tips for improving the workplace.

*business/ Region of Durham/ free/ copy permission is granted*

**WASTE AUDIT AND REDUCTION  
OPERATIONS TRAINING PROJECT -  
Manual for Training Participants  
(1992)**

This manual is part of a curriculum developed to train representatives from the IC&I and municipal sectors in conducting waste audits and implementing waste reduction workplans. Includes waste audit methodologies, analysis of waste audit data, identification of 3Rs opportunities, cost/benefit analysis, and program implementation.  
*business, technical staff/ Association of Municipal Recycling Coordinators/ \$16.25*

**WASTE REDUCTION ACTION PLAN:  
Part 1 - IC&I Solid Waste  
Assessment Guide**

A 31-page generic waste assessment guide that can be modified by municipalities for distribution to their local IC&I sector.  
*technical staff/ Association of Municipal Recycling Coordinators IC&I Committee/ free to municipalities/ copy permission granted to municipalities*

**WASTE MINIMIZATION FACTSHEETS**

One-page factsheets detailing waste reduction activities for: Autobody Repair Shops, Automotive Service and Repair Shops, Grocery Stores, Maintenance Yards, Offices, Photographic Developing, Printing, and In the Workplace.  
*business/ Alberta Special Waste Management Corp./ free/ copy permission is not granted*

**WASTE REDUCTION ACTION PLAN  
FOR THE RED CARPET INN**

This eight-minute video summarizes a waste audit conducted on a restaurant in Lindsay, Ontario in the Spring of 1992; includes a detailed plan of how the restaurant could reduce its waste by up to 75% and decrease its disposal costs by about 50%.  
*student, general public, technical staff, business/ Citizens' Clearinghouse on Waste Management/ rental only, \$7 for shipping*

**WORKING YOUR WAY TO A GREEN**

**OFFICE: A Guide To Creating an Environmentally Friendly Workplace**  
This 48-page book provides examples and information for creating an environmentally friendly workplace.  
*general public/ Environment Canada - Office of Waste Management/ price not yet available/ copy permission is not granted*

**WORKPLACE GUIDE: PRACTICAL  
ACTION FOR THE ENVIRONMENT**

Step-by-step approach to minimizing a company's environmental impact.  
*business, technical staff/ Harmony Foundation of Canada and the Ontario Waste Management Corporation*

**YOUR OFFICE PAPER RECYCLING  
GUIDE**

A 12-page six-step explanation of how to set up a waste reduction program for your office.  
*student, general public, business/ The City of Toronto/ free/ copy permission is granted*

# B1 - Government/other policies and programs

## **AMO's POLICY POSITION ON: REDUCTION AND REUSE**

A policy paper in response to the initiatives announced in Ontario's Waste Reduction Action Plan, recommendations on what various sectors should be doing.

*technical staff, business/ Association of Municipalities of Ontario*

## **COAL TAR WASTE SITES**

A bilingual publication which explains the origins of coal tar waste sites, why they are an environmental issue, how we first became aware of them, what can be done to avoid future problems, ministry funding for investigative work and site owner's responsibility for the cost of remedial actions.

*general public/ Ontario Ministry of Environment and Energy (PIBS 676B)/ free/ copy permission is granted*

## **A COMPLETE CHAIN OF RESPONSIBILITY IN THE MANAGE- MENT OF HAZARDOUS LIQUID INDUSTRIAL WASTES**

A bilingual publication which explains Ontario's waste management law regarding the chain of responsibility for generators, carriers and receivers using the manifest system to register and track wastes from the point of generation to either eventual recycling or final disposal.

*general public, technical staff/*

*Ontario Ministry of Environment and Energy (PIBS 677B)/ free/ copy permission is granted*

## **DISCUSSION PAPER 7.1 entitled "TOWARDS A SOLID WASTE MANAGEMENT MASTER PLAN"**

This document provided a framework for the development of Metro Toronto's Draft Solid Waste Management Master Plan and the basis from which public consultation and subsequent technical activities could take place.

*general public/ reference copies available at Metro Urban Affairs Library and some libraries throughout Metro Toronto.*

## **DISCUSSION PAPER 7.2 entitled "DRAFT MASTER PLAN STRATEGY"**

This document describes the approach Metro proposes to follow in the development of its solid waste management system.

*general public/ reference copies available at Metro Urban Affairs Library and some libraries throughout Metro Toronto.*

## **DRAFT REGULATION TO PREVENT THE RELEASE OF FLUOROCARBON REFRIGERANTS: BACKGROUNDER**

A five-page backgrounder, dated Spring 1993, on who is affected and what is required.

*business, general public, technical staff/ Ontario Ministry of Environment and Energy (PIBS 2542B)/ free/ copy permission is granted*

## **THE FEDERAL PCB DESTRUCTION PROGRAM**

A bilingual, two-page outline of the objectives of the Federal PCB Destruction Program.  
*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

## **FIRST TO FIFTY**

Recommendations that would enable Kingston to reach 50% waste diversion in short order.  
*general public, technical staff, business/ Kingston Area Recycling Corporation - Waste Diversion Task Force*

## **A GUIDE TO HAZARDOUS WASTE CATEGORIZATION AND REVIEW**

A bilingual publication which provides an overview of Ontario's hazardous waste categorization and review process for updating the schedules of hazardous wastes appended to Regulation 309 of the Environmental Protection Act.

*general public, technical staff/ Ontario Ministry of Environment and Energy (PIBS 1016B)/ free/ copy permission is granted*

**INITIATIVES PAPER #2: Waste Management Planning in Ontario**

A 39-page discussion paper describing changes to the current waste management master planning program.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1882E01)/ free/ copy permission is granted*

**INITIATIVES PAPER #3: Municipal Waste Management Powers in Ontario: A Discussion Paper (MMA)**

A 40-page paper which examines what powers municipalities will need if they are to manage wastes and implement provincial powers.

*student, general public, technical staff, business/ Ontario Ministry of Municipal Affairs and Ontario Ministry of Environment and Energy (PIBS 1882E02)/ free/ copy permission is granted*

**INITIATIVES PAPER #4: Measuring Progress Towards Ontario's Waste Reduction Targets**

A 17-page bilingual discussion paper describing ways to monitor Ontario's waste reduction targets.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1954E)/ free/ copy permission is granted*

**IT CAN BE DONE: 50% DIVERSION ACHIEVED BY 1993**

Plan for implementation of five principles for waste reduction recommended by the It's Not Garbage Coalition.

*general public/ It's Not Garbage Coalition*

**MUNICIPAL STATUTE LAW AMENDMENT ACT (1993)**

A two-page factsheet outlining changes to the Municipal Act which give municipalities increased powers to develop and operate waste management programs, particularly 3Rs programs.

*municipal staff, business/ Ministry of Municipal Affairs/ free/ copy permission is granted*

**THE MUNICIPAL WASTE ABATEMENT STRATEGY**

This second in a series of reports on municipal waste management issues in Ontario, begins with a review of the regulatory history that leads to the current focus on disposal and recycling, and then reviews in depth the 4Rs and the roles of all levels of government, private entrepreneurs and consumers. The result of this study is 17 recommendations on waste management in Ontario.

*technical staff, business, general public/ Association of Municipalities of Ontario*

**MUNICIPAL WASTE MANAGEMENT FUNDING PROGRAMS**

This factsheet describes funding opportunities available to municipalities for projects which help achieve the provincial waste reduction targets.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1716E)/ free/ copy permission is granted*

**OBTAINING FINANCIAL SUPPORT FOR A HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM**

A one-page factsheet on how to obtain funding for special waste days and permanent depots.

*municipal staff/ Ontario Ministry of Environment and Energy (PIBS 679B)/ free/ copy permission is granted*

**ONTARIO ACHIEVES 25 PER CENT WASTE REDUCTION GOAL**

A factsheet, dated Spring 1993, outlining how Ontario achieved a 25 per cent reduction in waste.

*general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 2538B)/ free/ copy permission is granted*

## ONTARIO PHASE-OUT OF OZONE-DEPLETING SUBSTANCES:

### A Compliance Guide For Industry

A 30-page factsheet outlines Ontario's prohibitions and restrictions on the uses of ozone-depleting substances including chlorofluorocarbons (CFCs) and halons.

*general public, technical staff/ Ontario Ministry of Environment and Energy (PIBS 1316E)/ free/ copy permission is granted*

## ONTARIO'S NEW 3Rs

### REGULATIONS: A Background

Beginning in August 1993, Ontario's new 3Rs Regulations require reduction, reuse and recycling activities be undertaken by certain municipalities and designated IC&I sectors in the province. This background outlines what is required and who is affected.

*business, technical staff, general public/ Ontario Ministry of Environment and Energy (PIBS 2474E)/ free/ copy permission is granted*

## ONTARIO'S WASTE REDUCTION

### ACTION PLAN: Background

This bilingual factsheet discusses Ontario's diminishing capacity to dispose of waste. Provides statistics and outlines ministry goals and initiatives for the reduction of waste.

*technical staff, general public, business/ Ontario Ministry of Environment and Energy (PIBS 1600B)/ free/ copy permission is granted*

## OPTIONS FOR PCB DISPOSAL

A two-page bilingual overview of the options available for the elimination of PCBs in Canada.

*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

## PCB STORAGE REGULATIONS

A two-page bilingual outline of the regulations issued for the storage of PCBs in Canada.

*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

## PUBLIC VS. PRIVATE SECTOR ROLES

A discussion paper.

*business, technical staff, general public, student/ Recycling Council of Ontario/ \$3/ copy permission is not granted*

## RECYCLING SYMBOLS

A discussion paper.

*business, technical staff/ Recycling Council of Ontario/ \$3/ copy permission is not granted*

## RESIDENTIAL RECYCLING IN METROPOLITAN TORONTO

A four-page case study on the history of Metro's Blue Box program, including a summary of the recycling program costs, tonnages of materials diverted from the waste stream and how Metro Toronto is working to improve the efficiency of the collection program.

*general public, students/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## RESOURCE RECOVERY REPORT

A monthly newsletter on solid waste recycling and energy recovery development; includes special reports on recycling and proceedings of international conferences on ash management and use.

*Frank McManus/ variable price/ copy permission is not granted*

## SCRAP TIRE UPDATE

A two-page factsheet on the Ontario Ministry of Environment and Energy's scrap tire program. Includes tire recycling success stories.

*business, technical staff, general public/ Ontario Ministry of Environment and Energy (PIBS 2329B)/ free/ copy permission is granted*

## STUDENT ACTION ON RECYCLING

### (STAR): Application and Program Guide for School Boards

This 18-page bilingual booklet, intended for the coordinators of board-level recycling programs in both provincially funded and independent schools. Describes the three basic stages in implementing a board-level recycling program: getting organized, planning, and preparing and submitting an application to STAR program.

*teachers and principals/ Ontario Ministry of Environment and Energy (PIBS 1031B)/ free/ copy permission is granted*

### **SUSTAINABILITY AS IF WE MEAN IT**

This 57-page book outlines what must be done in Ontario to protect an environment already besieged by pollution, excess resource extraction and abuse, and over-development.

*general public, student/ Clifford Maynes - Available from Ontario Environmental Network/ \$10 for 1-9 copies, \$5 for 10 or more copies (add postage and handling)/ copy permission is not granted*

### **3Rs REGULATIONS: UNOFFICIAL COPY**

The unofficial copy of the Ministry of Environment and Energy's 3Rs regulations, issued April 1993, outlining mandatory reduction, reuse and recycling activities by municipalities and designated IC&I sectors in the province.

*business, municipalities, general public/ Ontario Ministry of Environment and Energy (PIBS 2539E)/ free/ copy permission is granted*

### **TIRE RECYCLING - Program Update**

A seven-page detailed description of the tire recycling program.

*general public, student, business, technical staff/ B.C. Environment/ free/ copy permission is granted*

### **TRANSPORTING HAZARDOUS WASTES**

A three-page overview of the control of hazardous waste transportation within Canada.

*general public/ Environment Canada - Office of Waste Management/ free/ copy permission is not granted*

### **THE WASTE CRISIS IN THE GREATER TORONTO AREA: A Provincial Strategy For Action**

This 21-page factsheet outlines a series of actions to be undertaken by the Government of Ontario to resolve the waste crisis in Greater Toronto Area.

*general public/ Ontario Ministry of Environment and Energy (PIBS 1610E)/ free/ copy permission is granted*

### **WASTE MANAGEMENT ACT 1992**

A nine-page synopsis of Bill 143/ amendments to the Environmental Protection Act.

*student, general public, technical staff, business/ Ontario Ministry of Environment and Energy (PIBS 1728B)/ free/ copy permission is granted*

### **A WASTE REDUCTION STRATEGY FOR METRO TORONTO SOLID WASTE REDUCTION AND RECYCLING**

Key elements of a waste reduction and recycling strategy, public policy commitment, and a recommendations and implementation task list.

*technical staff/ Municipality of Metropolitan Toronto*

### **WHO PAYS FOR RECYCLING?**

This eight page policy paper provides background information on the Ontario Blue Box program and addresses the issue of how the program should be financed.

*student, general public/ Recycling Council of Ontario/ \$3/ copy permission is granted*

## B2 - Directories/Who's Who

### ALBERTA'S ENVIRONMENTAL DIRECTORY

A 120-page directory of Alberta's environmental organizations and government agencies involved with environmental issues.

*general public, business/ Alberta Environmental Network/ \$30 for government, corporations, libraries; \$18 for 3 or more copies; \$15 for non-profit and individuals +GST/ copy permission is not granted*

### BIBLIOGRAPHY OF WASTE REDUCTION PUBLICATIONS

A list of publications concerned with waste reduction.

*general public, student, technical staff, business/ available for reference at the Recycling Council of Ontario library/ \$50+GST&PST/ copy permission is not granted*

### THE BRITISH COLUMBIA ENVIRONMENTAL DIRECTORY

This directory has listings for 500 environmental, peace, union, and native organizations concerned with the environment. Information listed includes contact persons and activities of each group.

*general public, student, technical staff, business/ B.C. Environmental Network/ \$25 plus \$.33 postage and handling/ copy permission is not granted*

### CANADIAN COUNCIL OF MINISTERS OF THE ENVIRONMENT

A bilingual brochure describing the activities and mandates of the Canadian Council of the Ministers of the Environment.

*general public/ Canadian Council of Ministers of the Environment/ free/ copy permission is not granted*

### THE CANADIAN ENVIRONMENTAL EDUCATION CATALOGUE

A listing of more than 2,000 resource materials including books, kits, curriculum, posters and audiovisuals concerned with the environment.

*student, general public/ The Pembina Institute/ \$40 for 2 yr subscription, \$20 for main volume + GST&PST/ copy permission is not granted*

### CITIZENS' CLEARINGHOUSE ON WASTE MANAGEMENT

A standard one page pamphlet describing the Clearinghouse activities and services.

*student, general public, technical staff, business/ Citizens' Clearinghouse on Waste Management/ free/ copy permission is not granted*

### DISTRIBUTORS OF ENVIRONMENTALLY FRIENDLY PRODUCTS

An eleven-page listing of distributors and suppliers of environmentally friendly products.

*general public, business/ Recycling Council of Ontario/ copy permission is granted*

### ENVIRONMENTAL PROTECTION PUBLICATIONS

This 93-page book provides a listing of all publications dealing with environmental protection.

*general public, technical staff/ Environment Canada - Conservation & Protection/ price not yet available/ copy permission is not granted*

### ENVIRONMENTAL RESOURCE BOOK

A 105-page directory of environmental groups and resources in Ontario for people interested in environmental advocacy.

*general public, technical staff, business/ Ontario Environment Network/ \$25 for businesses; \$10 for non-profit organizations or individuals/ \$20 for 1-9 copies; \$10 for 10 or more copies/ copy permission is not granted*

### ENVIRONMENTALLY COMPATIBLE OFFICE SUPPLIES

A two-page list of environmentally friendly office supplies.

*general public, business/ Recycling Council of Ontario/ free/ copy permission is granted*

### GOVERNMENT AND PARA-GOVERNMENT CONTACTS DIRECTORY

A 40-page list of contact personnel working for government or para-government organizations that deal with waste management.

*general public, student, technical staff, business/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

## **INDUSTRIAL WASTE DISPOSAL AND RECYCLING DIRECTORY**

This directory provides a list of contacts for the recycling of asphalt, concrete and clean fill, cardboard, drums, drywall, organic waste, glass, metal, oil, paper, plastic, rubber, textiles, hazardous and liquid wastes, and wood. Also listed are industrial waste exchanges and brokers, waste haulers and manufacturers of waste reduction equipment. Contact information for two companies dealing in pathological waste is given. Public drop-off bins at Peel landfill sites are also indicated.

*business, technical staff/ Regional Municipality of Peel - Public Works Department*

## **INVENTORY OF WASTE MANAGEMENT INFORMATION MATERIALS**

A 300+ page bibliographic listing of about 1,200 waste management items arranged by subject categories. Most of these items are in the libraries of the Clearinghouse and the Canadian Environmental Law Association.

*general public, student, technical staff, business/ The Citizens' Clearinghouse on Waste Management/ \$15/ copy permission is granted*

## **METROPOLITAN TORONTO RECYCLING MARKETS DIRECTORY**

This directory provides information on businesses in the Metro Toronto area that can provide markets for specific types of recyclable materials.

*businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## **MUNICIPAL PROGRAM DIRECTORY**

A comprehensive listing of municipal waste reduction/diversion programs in Ontario.

*general public, technical staff, business/ Recycling Council of Ontario/ \$50+GST&PST/ copy permission is not granted*

## **NON PROFIT / ENVIRONMENTAL ORGANIZATIONS DIRECTORY**

A directory of non-profit environmental organizations in Ontario.

*general public, student, technical staff, business/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

## **ONTARIO GOVERNMENT WASTE MANAGEMENT PROGRAM RECYCLING CONTRACTOR AND SUPPLIER DIRECTORY**

In addition to usual listing of materials handlers, dealers and recyclers, this directory includes companies that deal in computers and electronic equipment, laser cartridges, off-spec materials and propane cylinders. Also listed are equipment suppliers and waste management and energy consultants.

*business, technical staff/ Ontario Management Board Secretariat*

## **ONTARIO RECYCLING MARKETS DIRECTORY**

A listing of over 600 province-wide contacts on markets for metal, glass, paper, plastic, oil, rubber, tires, wood, miscellaneous material.

*business, technical staff/ Recycling Council of Ontario/ \$40 +GST&PST/ copy permission is not granted*

## **OWMA ANNUAL MEMBERSHIP DIRECTORY**

A comprehensive directory of the Ontario Waste Management Association services.

*general public, technical staff, business/ Ontario Waste Management Association/ free for up to 2 copies/ copy permission granted*

## **PLASTICS RECYCLING DIRECTORY 1991**

A directory of companies and associations in the plastics recycling field in Canada. Being updated as of June 1993.

*business, technical staff/ Canadian Plastics Institute/ cost not available*

## **RCO MEMBERSHIP BROCHURE**

This membership brochure describes the activities of the Recycling Council; includes a membership application.

*general public, student, technical staff, business/ Recycling Council of Ontario/ copy permission is not granted*

## RECYCLING PROGRAM OPERATORS DIRECTORY

A 14-page list of Ontario recycling program operators.

*general public, technical staff, business/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

## REGIONAL RECYCLERS DIRECTORY

A 100-page alphabetical listing of organizations involved with waste management in B.C. as well as some Pacific Northwest U.S.A. organizations. An indices grouping list arranges the organizations according to function or service.

*general public, technical staff, business/ Recycling Council of B.C./ \$25 per copy/ copy permission is not granted*

## REUSING AND RECYCLING IN SASKATCHEWAN

A bilingual directory of what, where and how to recycle in Saskatchewan.

*technical staff, business/ Saskatchewan Environment & Public Safety/ one copy is free/ copy permission is granted*

## TORONTO RECYCLING ACTION COMMITTEE

A brief description of the group's activities since it was founded.

*general public/ Toronto Recycling Action Committee/ cost depends on situation/ copy permission is granted*

## TRADE AND RECYCLING ASSOCIATIONS DIRECTORY

A 35-page listing of trade and recycling associations.

*general public, student, technical staff, business/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

## U.S. & CANADIAN SCRAP PLASTICS PROCESSORS & BUYERS - 1990-1 DIRECTORY

Plastic scrap handlers and resin brokers: contact information and the services they provide.

*business, technical staff/ U.S. Resource Recycling Inc. - available from the Recycling Council of Ontario's library*

## THE WASTE EXCHANGE

The three-page bilingual factsheet provides a description of how the Canadian Waste Materials Exchange (CWME) works and why it is an important part of Canadian waste management efforts.

*general public/ Environment Canada/ free/ copy permission is not granted*

## WASTE REDUCTION CONSULTANTS DIRECTORY

A 19-page directory of waste reduction consultants.

*general public, student, technical staff, business/ Recycling Council of Ontario/ \$10+GST&PST/ copy permission is not granted*

## WASTE UTILIZATION TECHNOLOGIES IN EUROPE AND THE UNITED STATES

European and American companies that offer alternative technologies in waste utilization.

*technical staff, business/ U.S. Institute for Local Self-Reliance - available from the Recycling Council of Ontario's library*

## WHO DOES WHAT - GOVERNMENT RESPONSIBILITIES FOR WASTE MANAGEMENT IN METROPOLITAN TORONTO

A two-page factsheet summarizing the areas of responsibility for solid waste management held by various levels of government and related organizations in Metropolitan Toronto.

*general public, students, businesses/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

## B3 - Municipal Waste Management

### **AMRC LEAF AND YARD WASTE COMPOSTING STUDY (1993) -**

#### **Part One**

A review of composting principles and municipal programs. Summarizes the scientific principles and economics of municipal leaf and yard waste composting operations through literature and program surveys.

*municipal staff, technical staff/ Association of Municipal Recycling Coordinators/ free to AMRC municipal members; \$20 for non-members*

### **AMRC LEAF AND YARD WASTE COMPOSTING STUDY (1993) -**

#### **Part Two**

A municipal operations guide. Applies information in Part One for use in program management and site operations.

*municipal staff, technical staff/ Association of Municipal Recycling Coordinators/ free to AMRC municipal members; \$20 for non-members*

### **COST ACCOUNTING FOR LANDFILL**

A 60-page report on how to determine the full costs of landfilling; i.e. social and environmental costs, as well as hard costs, and development of a full cost accounting model for landfill cost estimation.

*student, general public, technical staff, business/ Waste Reduction Advisory Committee/ free/ copy permission is granted*

### **DEVELOPMENT OF METROPOLITAN TORONTO'S MATERIAL RECOVERY FACILITY (1992)**

An abstract of a presentation made to the 1992 Recycling Council of Ontario Conference on the processes, operations, and marketing for the material recovery facility and the interrelationship between the operator and the municipality.

*general public, students, technical staff/ Municipality of Metropolitan Toronto/ 1 free copy/ contact Bob T. Sawyer at Metro Toronto Works Department for copy permission.*

### **DISCUSSION PAPERS 3.5A,B,C & ADDENDUM entitled "SITE SELECTION PROCESSES - MATERIALS RECOVERY FACILITY, COMPOSTING, AND ENERGY FROM WASTE (1990-91)"**

Three separate documents and additional addendum detailing the proposed site selection processes for a material recovery facility (MRF), a centralized composting facility, and an energy from waste facility.

*general public, students, technical staff/ Proctor & Redfern Ltd. for Municipality of Metropolitan Toronto/ reference copies available at Metro Toronto Urban Affairs Library and some libraries throughout Metro.*

### **DISCUSSION PAPER 3.6 entitled "EVALUATION OF THE PROS AND CONS OF INCINERATION (1991)**

A discussion of the pros and cons of incineration as compared to the use of sanitary landfilling as a waste management strategy.

*general public, students, technical staff/ SENES Consultants Limited for Municipality of Metropolitan Toronto/ reference copies available at Metro Toronto Urban Affairs Library and some libraries throughout Metro Toronto.*

### **DISPOSAL OF HOUSEHOLD HAZARDOUS WASTE: HOUSEHOLD HAZARDOUS WASTE TRANSFER FACILITY**

Peel's household hazardous waste disposal, application approval, transfer facility, safety considerations, program costs and advertising, and future plans for improvements.

*technical staff/ Regional Municipality of Peel*

### **ESTIMATION OF WASTE QUANTITIES AT LANDFILLS WITHOUT WEIGH SCALES**

An 8 page report.

*student, business, general public, technical staff/ B.C. Environment/ free/ copy permission is granted*

**EVALUATION OF GENERATOR PAY SYSTEMS**

A 55-page assessment of generator pay systems being used in the United States, their impact on residential waste generation rates, and their potential transfer to Ontario.

*student, general public, technical staff, business/ Resource Integration Systems Ltd./ free/ copy permission is granted*

**GUIDEBOOK FOR THE ASSESSMENT OF ORGANIC WASTE GENERATION IN MUNICIPALITIES (REVISED 1993)**

Designed to assist municipal staff in assessing the types and quantities of all organic wastes generated within a community.

*municipal staff, technical staff/ Association of Municipal Recycling Coordinators/ free to AMRC members; \$14.50 for non-members*

**HOW-TO MANUAL FOR PLANNING & IMPLEMENTING RECYCLING PROGRAMS FOR APARTMENT BUILDINGS**

All steps: choosing recycling operators, operating and implementing costs, monitoring the program, expected revenues, sources of funding and markets, advantages and disadvantages of various types of equipment.

*technical staff/ Recycling Advisory Committee and Energy Pathways*

**MATERIALS REPORTS**

Update on the various recyclable waste stream markets, collection programs, contamination problems, and technologies.

*business, technical staff/ Association of Municipal Recycling Coordinators*

**MANAGING WASTE: A Guide to Citizens' Involvement (Revised Edition)**

Update of a 1984 guide; includes current movements towards a wasteless society, starting and operating an effective community group, defining your issue, developing a campaign, working within official channels, media use and much more. 48 pages.

*general public/ John Jackson and Barbara Wallace, Citizens' Clearinghouse on Waste Management/ price not yet available/ copy permission is granted*

**METRO TORONTO'S WET WASTE PILOT PROJECT**

Public information and education materials produced for Metro Toronto's one-year Wet Waste Pilot Project including instruction card, reminder card, brochure, newsletter, flyers, etc. *municipalities, technical staff/ Municipality of Metropolitan Toronto/ 1 free copy/ copy permission is granted*

**MULTI-RESIDENTIAL RECYCLING GUIDE (1991)**

Covers all stages of implementing a multi-residential recycling program including planning, equipment, promotion and program monitoring.

*municipal staff, technical staff/ Association of Municipal Recycling Coordinators/ free to AMRC members; \$10 for non-members*

**MUNICIPAL SOLID WASTE COMPOSITION ANALYSIS SERIES (Procedural Manual)**

A 30-page report dated November 1991.

*general public, student, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**MUNICIPAL SOLID WASTE COMPOSITION ANALYSIS SERIES Procedures - Testing and Results**

A 64-page report dated November 1991.

*general public, student, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**MUNICIPAL SOLID WASTE COMPOSITION ANALYSIS SERIES (Summary Report)**

A 16-page report dated November 1991.

*general public, student, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**MUNICIPAL SOLID WASTE  
MANAGEMENT - MAKING  
DECISIONS IN THE FACE OF  
UNCERTAINTY**

Topics cover sanitary landfill, leachate, municipal waste incineration, economics, siting, costs and benefits of recycling from a municipal perspective, the regulatory framework for decision-making for waste management options, health issues, environmental risks and others.

*technical staff/ University of Waterloo - School of Urban and Regional Planning and the Institute for Risk Research*

**NATIONAL SURVEY OF SOLID  
WASTE COMPOSTING OPERATIONS  
IN CANADA**

A survey, conducted between November 1992 through March 1993, of 137 composting operations in Canada.

*municipal staff, technical staff/ The Composting Council of Canada*

**ONTARIO WASTE COMPOSITION  
STUDY: RESIDENTIAL WASTE  
COMPOSITION STUDY, VOLUME I**

Cost effective method for carrying out a waste composition analysis

*technical staff/ Ontario Ministry of Environment and Energy (PIBS 1415E)/ free/ copy permission is granted*

**OVERVIEW OF METROPOLITAN  
TORONTO'S MATERIAL RECOVERY  
FACILITY (1993)**

A short summary of the development and design of Metro Toronto's material recovery facility for commingled container materials, opened in 1992.

*general public, students, technical staff/ Municipality of Metropolitan Toronto/ 1 free copy/ contact Ben Shepherd at Metro Toronto Works Department for copy permission.*

**POLLUTION CONTROL GUIDELINES  
FOR MUNICIPAL EFFLUENT  
APPLICATION TO LAND**

These 1983 26-page guidelines were established by the B.C. Pollution Control Board after realizing that certain objectives were necessary within the province to control pollution caused by applying municipal effluent to land.

*student, technical staff, business/ B.C. Environment/ copy permission is not granted*

**REPORT ON SPECIAL WASTE  
GENERATION BY THE NON-  
INDUSTRIAL SECTOR IN ONTARIO**

Four sectors are considered: commercial/service sector; institutions; intermittent sources of such spills; and households; waste generation rates are estimated for each sector.

*technical staff/ Ontario Waste Management Corporation*

**A REVIEW OF RURAL WASTE  
MANAGEMENT OPTIONS**

A 25-page guide dated July 1990. *general public, student, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**SOLID WASTE MANAGEMENT: A  
Glossary of Terms**

Definitions for frequently used waste management technical terms.

*technical staff, general public, business/ Ontario Ministry of Environment and Energy (PIBS 1828B)/ free/ copy permission is granted*

**VARIABLE RATES IN SOLID WASTE:  
HANDBOOK FOR SOLID WASTE  
OFFICIALS - VOLUME 1: EXECUTIVE  
SUMMARY; VOLUME 2: DETAILED  
MANUAL**

Volume-based rates for garbage collection, case studies on the effectiveness and drawbacks of various systems

*technical staff/ U.S. Environmental Protection Agency and the City of Seattle Solid Waste Utility - available for reference at the Recycling Council of Ontario's library*

**WASTE MANAGEMENT MASTER  
PLANS: What You Should Know**

Topics covered in this 32-page paper include the planning process, the three Rs, hazardous waste, energy from waste, landfill, economics, citizen's groups, and useful contacts.

*general public/ Waterloo Public Interest Research Group (PIBS 1901B)/ \$2.25 plus postage/ copy permission is not granted*

## B4 - Periodicals

### B.C. BATTERY NEWS

An update for the provincial battery recycling program.  
*student, general public/ B.C. Environment/ copy permission is not granted*

### B.C. BATTERY SYSTEM NEWSLETTER

A quarterly publication providing information about the operation of the battery system; for all stakeholders.  
*student, general public, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

### BUILD GREEN NEWS

The official quarterly newsletter of the Greater Toronto Home-builder's Association's Build Green Program featuring stories on products made from recycled materials and used in the building industry.  
*business, technical staff/ ORTECH International/ free/ copy permission is granted*

### ESP NEWSLETTER

The eight-page newsletter covers issues such as packaging and its impact on the waste stream, environmentally sound packaging practices, and waste management issues.  
*student, general public/ Environmentally Sound Packaging Coalition/ \$10 annual mailing list fee/ copy permission is granted*

### ENVIRONMENT NETWORK NEWS

A bimonthly newsletter concerning environmental issues and activities within the province of Alberta.  
*general public, business/ The Pembina Institute/ \$15 for 1 yr subscription, or \$3 per copy +GST&PST/ copy permission is not granted*

### HAZARDOUS MATERIALS MANAGEMENT

The Canadian publication of pollution prevention and control, this bi-monthly magazine contains technology update, legislative trends and editorial comment on the environmental protection industry, its players and those who benefit from proper waste management.  
*technical staff, business/ Todd Latham and Guy Crittenden. Available from Canadian Hazardous Materials Management/ first copy free, 1 year \$42.27, 2 years \$69.55/ copy permission is not granted*

### REITERATE

Quarterly newsletter of the Recycling Council of B.C. Past issues have focused on composting and glass recycling.  
*general public, business/ Recycling Council of B.C./ copy permission is not granted*

### TIRE TALK

Quarterly newsletter providing a two-way communication for all stakeholders of the FIRST and R2D2 programs. An update on the provincial tire recycling program is also available.

*general public, student, business, technical staff/ B.C. Environment/ free/ copy permission is granted*

### WASTE LESS TIMES

A quarterly publication focusing on leading edge reports, current news stories, waste diversion and initiatives which are designed to help citizens of Ontario with their waste management concerns.  
*general public, technical staff, business, student/ Citizens' Clearinghouse on Waste Management/ \$25 per year for citizens' groups and individuals, \$40 for business and government/ copy permission is granted*

### WASTE MATTERS

This newsletter, published three times yearly, highlights Metro Toronto's solid waste management programs and issues.  
*general public, technical staff, business, student/ Municipality of Metropolitan Toronto Works Department/ free/ copy permission is granted*

### WASTE WATCH

A quarterly newsletter for SWRC on Saskatchewan based waste reduction issues.  
*general public, business/ Saskatchewan Waste Reduction Council (SWRC)/ \$1.50 per issue/ copy permission is granted (must be properly referenced)*

# B5-Planning and Implementing Waste Reduction Programs

## **COMMUNITY WASTE REDUCTION KIT: Composting - Nature's Way to Organic Waste Reduction**

A 42-page kit describing a short-term community project for designing, building and using a public information display on composting; includes an extensive list of composter suppliers. *general public/ Citizens' Clearinghouse on Waste Management/ \$10.00/ copy permission is granted*

## **COMPOSTING RESOURCE KIT**

A kit to assist municipal waste reduction/recycling coordinators or community groups in their efforts to promote backyard composting. The kit contains ideas, sample feature stories for print media, sample public service announcements for radio, samples of brochures/factsheets available from the ministry on composting, and the Recycling Council of Ontario's 138-page Home Composting Handbook. *municipal staff, community groups/ Ontario Ministry of Environment and Energy/ free/ copy permission is granted*

## **DEVELOPING MARKETS FOR RECYCLED MATERIALS**

Historical market assumptions, development research and public policy instruments to promote market development. *technical staff/ U.S. Environmental Defence Fund and John F. Ruston - available for reference at the Recycling Council of Ontario's library*

## **AN ECONOMICS STUDY OF THE RECYCLING INDUSTRY IN ALBERTA**

Hefty profile of recycled materials and recycling industries, summary of recycling in other provinces and countries, macro-economic analysis of recycling in Alberta, recycling trends and potential barriers. *technical staff, business/ Alberta Economic Development and Trade - Industry Development Division*

## **ESSEX-WINDSOR SOLID WASTE COMPOSTING FEASIBILITY REPORT**

Program to develop a composting strategy and implementation plan, type, quality, and source of compostable organics, market potential, alternative composting technologies, site factors, approval and implementation requirements and costs. *technical staff/ Essex-Windsor Environmental Committee*

## **AN EVALUATION OF ALTERNATIVE BEVERAGE CONTAINER RECOVERY PROGRAMS FOR BRITISH COLUMBIA.**

A 57-page report. *general public, student, business, technical staff/ B.C. Environment/ copy permission is granted*

## **EXCESS PACKAGING: Strategies For Waste Reduction**

Proceedings from a forum discussing packaging waste reduction held at the University of Waterloo on June 10, 1988. *student, general public/ John Jackson and Cameron Wright. Available from Waterloo Public Interest Research Group/ \$1 per copy plus postage/ copy permission is not granted*

## **GLASS RECYCLING ONTARIO**

Information for recycling program operators on how to store, handle and inspect glass. *business, technical staff/ Consumers Glass*

## **HOME COMPOSTING HANDBOOK: HOW TO PROMOTE HOME COMPOSTING IN YOUR COMMUNITY**

Handbook to help municipal officials promote home composting in their communities. *municipal staff, community groups/ Recycling Council of Ontario and Compost Ontario/ \$15 +GST + postage and handling/ reproduction in whole or in part requires permission and acknowledgement.*

**HOUSEHOLD DRY-CELL BATTERY COLLECTION: Results of a Pilot Project in Victoria County**

This 24-page report outlines the results of a pilot dry-cell battery collection project in Victoria County including an evaluation of public collection locations and methods.

*general public, student, technical staff/ Citizens' Clearinghouse on Waste Management/ \$2/ copy permission is granted*

**HOW-TO MANUAL FOR PLANNING AND IMPLEMENTING RECYCLING PROGRAMS FOR APARTMENT BUILDINGS**

A 60-page manual to assist municipal recycling coordinators, or any interested party, to set up multi-material recovery programs in apartment buildings.

*general public, student, technical staff, business/ Energy Pathways Inc./ free/ copy permission is granted*

**INDUSTRIAL, COMMERCIAL AND INSTITUTIONAL RECYCLING IN ONTARIO: OPERATOR'S HANDBOOK**

Assist operators in initiating, designing and implementing industrial, commercial and institutional programs.

*technical staff, business/ Recycling Advisory Committee and Resource Integration Systems Ltd.*

**A MARKET DEVELOPMENT PLAN FOR RECYCLABLE MATERIALS IN BRITISH COLUMBIA**

A seven-page summary, dated April 1990, of a more detailed 38-page report.

*general public, student, business, technical staff/ B.C. Environment/ free/ copy permission is granted*

**A MARKET DEVELOPMENT PLAN FOR RECYCLABLE MATERIALS IN BRITISH COLUMBIA**

A 38-page report dated April 1990.

*general public, student, business, technical staff/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**MASTER COMPOSTER RESOURCE MANUAL**

Manual covers: history, biology, units which can be built and educational outreach

*technical staff/ Recycling Council of Ontario/ \$12 + GST + postage and handling/ reproduction in whole or in part requires permission and acknowledgement.*

**MULTI-MATERIAL RECYCLING GUIDE**

A 75-page step-by-step guide for municipalities setting up apartment recycling programs including equipment sources, sample tender documentation and sample programs.

*technical staff, business/ Association of Municipal Recycling Coordinators Residential Committee/ free to municipalities/ copy permission is granted to municipalities*

**MULTI-MATERIAL SOURCE SEPARATION PILOT PROJECT IN IC&I SOURCES**

The 75-page report summarizes the results of the pilot projects for multi-materials conducted at eight IC&I sites in the Niagara Region over a period of four months; includes a guide to set up recovery programs for glass, metal, and paper from IC&I sources.

*student, general public, technical staff, business/ Resource Integration Systems Ltd./ free/ copy permission is granted*

**THE NATIONAL WASTE REDUCTION HANDBOOK: AN INTRODUCTION TO SOURCE REDUCTION & RECYCLING FOR MUNICIPAL DECISION-MAKERS**

This document provides an overview of the garbage crisis in Canada and outlines possible solutions to the problem with reference to the work done by all three levels of government and industry.

*municipal staff/ National Round Table on Environment and Economy*

**OMMRI RECYCLING MATERIALS QUALITY SPECIFICATIONS MANUAL**

This specifications manual for Ontario Blue Box materials is intended as a reference manual for program operators. A list of contacts is provided at the end of the book.

*technical staff, business/ Ontario Multi-Material Recycling Inc. (OMMRI)*

**ONTARIO'S OLD NEWSPAPER  
SUPPLY AND DEMAND IN THE  
CONTEXT OF THE NORTH  
AMERICAN MARKET**

Newspaper collection will fall short of demand by the middle of the decade, Canadian Newspaper's problems.

*business, technical staff/ OMMRI*

**RECYCLING TECHNOLOGY  
MANUAL**

An 80-page manual provides an overview of the technology and equipment available to multi-material recycling operations in Ontario for the use of organizations planning new recycling programs or expanding existing ones.

*general public, student, technical  
staff, business/ OMMRI/ free/ copy  
permission is granted*

**WASTE AUDIT & REDUCTION  
OPERATIONS FOR IC&I**

A curriculum for use by municipal staff in training the IC&I sector how to complete waste audits and implement waste reduction plans. Train the Trainer is a course that goes along with the curriculum.

*municipal staff/ Association of  
Municipal Recycling Coordinators/  
free to municipalities*

# B6 - 3Rs Research and Analysis

## **ALTERNATIVE VEHICLE FOR OCC RECOVERY: INDUSTRIAL WASTE DIVERSION PROGRAM - FINAL REPORT #3**

A short report stating the results of the use of alternative vehicles for the recovery of OCC from small generators.

*technical staff, business/ Ontario Ministry of Environment and Energy/ free/ copy permission is granted*

## **BLUE BOX PLUS! QUINTE REGIONAL RECYCLING DEMONSTRATION PROGRAM FINAL REPORT**

A 51-page report summarizing the results of the Quinte Regional Recycling Demonstration Project.

*student, general public, technical staff, business/ Quinte Regional Recycling/ copy permission is not granted*

## **CHARACTERIZATION OF MUNICIPAL SOLID WASTE IN THE UNITED STATES: 1990 UPDATE & EXECUTIVE SUMMARY**

American municipal solid waste generation by weight and by volume from 1960-1988, recovery and recycling, composting, and projections for MSW generation to the year 2010.

*U.S. Environmental Protection Agency - Solid Waste Emergency Response - available for reference at the Recycling Council of Ontario's library*

## **CITY OF GUELPH WET/DRY PROJECT: SUMMARY OF PRELIMINARY FINDINGS**

Feasibility of city and county-wide wet/dry collection, results of three different collection systems.

*technical staff, business/City of Guelph*

## **DEPOSITS AS A WASTE MANAGEMENT TOOL**

This 70-page report reviews the history of Ontario's recycling system and North American Deposit/Refund systems. A critique of deposits as a waste management tool is included.

*student, general public, technical staff, business/ Waste Reduction Advisory Council/ free/ copy permission is granted*

## **DISCUSSION PAPER NO. 4.3: WASTE COMPOSITION STUDY**

IC&I sector, residential sector, scientific composition survey using a statistical approach.  
*business, technical staff/ Municipality of Metropolitan Toronto Works Department.*

## **ECONOMIC ASSESSMENT OF MANAGEMENT OPTIONS FOR WASTE OIL**

Firms engaged in the management of waste oil in Ontario, oil management systems.  
*business, technical staff/ Ministry of Environment and Energy/ free/ copy permission is granted*

## **GENERATOR PAY SYSTEMS FOR HOUSEHOLDS: A DISCUSSION PAPER**

Examines the existing generator pay systems in North America, impact of user pay on rates of garbage generation and problems encountered.

*technical staff, municipal staff/ Recycling Advisory Committee and Resource Integration Systems*

## **METROPOLITAN TORONTO HOME COMPOSTING STUDY (1990)**

A follow-up evaluation of Metro Toronto's home composting program using a questionnaire survey of 734 participants analyzing program's success and estimates of waste diversion.

*general public, students, technical staff/ Dr. Virginia MacLaren for Municipality of Metropolitan Toronto/ 1 free copy/ contact Metro Toronto Composting Helpline 392-4689/ copy permission is not granted*

## **MULTI-MATERIAL SOURCE SEPARATION PILOT PROJECT IN IC&I SOURCES**

The 75-page report summarizes the results of the pilot projects for multi-materials conducted at eight IC&I sites in the Niagara Region over a period of four months; includes a guide to set up recovery programs for glass, metal, and paper from IC&I sources.

*student, general public, technical staff, business/ Resource Integration Systems Ltd./ free/ copy permission is granted*

**ONTARIO WASTE COMPOSITION  
STUDY: COMMERCIAL WASTE  
COMPOSITION STUDY, VOLUME II**

A method that municipalities can use to estimate per-employee waste generation rates and, further, to estimate the quantity of waste generated from all commercial sources.

*municipalities/ Ontario Ministry of Environment and Energy (PIBS 1608E)/ free / copy permission is granted*

**ONTARIO WASTE COMPOSITION  
STUDY: PROCEDURES FOR THE  
ASSESSMENT OF SOLID WASTE  
RESIDENTIAL AND COMMERCIAL,  
VOLUME III**

User friendly manual that outlines procedures for conducting residential and commercial waste studies in Ontario municipalities.

*municipalities/ Ontario Ministry of Environment and Energy (PIBS 1609E)/ free / copy permission is granted*

**REPORT ON HOUSEHOLD WASTE  
AUDITS**

This 17-page report summarizes the information received from household waste audit projects conducted in eight Ontario communities in 1989 and 1990.

*general public, student, business, technical staff/ Citizens' Clearing-house on Waste Management/ \$5/ copy permission is granted*

**SCRAP TIRE MANAGEMENT IN  
ONTARIO**

Current scrap tire management practices in the province of Ontario, processing technologies, existing Ontario government policy initiatives, market development and management of tire piles, tire stockpile statistics.

*business, technical staff/ Ontario Ministry of Environment and Energy (PIBS 1406E)/ free/ copy permission is granted*

**A STRATEGIC ANALYSIS OF  
WASTE GYPSUM WALLBOARD  
REPROCESSING IN  
BRITISH COLUMBIA**

A 17-page report on gypsum wall-board reprocessing in B.C. *student, general public, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**A STRATEGIC ANALYSIS OF WASTE  
PLASTIC REPROCESSING IN BRITISH  
COLUMBIA**

A 19-page report on plastic reprocessing in B.C. *student, general public, technical staff, business/ B.C. Environment - Lands and Parks/ free/ copy permission is granted*

**A STUDY ON THE DEVELOPMENT  
OF LONG-TERM PROMOTIONAL  
STRATEGIES FOR ONTARIO  
RECYCLING PROGRAMS: DRAFT  
REPORT**

Profiles of three successful recycling programs, analysis of promotional material.

*Municipal staff/ Ontario Recycling Advisory Committee and LURA Group*

**TORONTO BOARD OF HEALTH  
INVESTIGATION INTO DIAPERS**

This represents all the information gathered together for review by the Toronto Board of Health regarding the diaper issue including submissions from Procter & Gamble, various hospitals and environmental groups. *general public, technical staff/ City of Toronto - Board of Health*
